St Matthew's Housing Association

Shaping Community Funding Application Form

St Matthew's Housing Association is committed to supporting local communities. One of the ways in which this is done is through its Shaping Community Plan where 1% of annual turnover is reserved for community investment and financial inclusion measures.

Individuals, local organisations and community groups can apply for financial support to assist in the delivery of their projects. To qualify for these funds, applicants must demonstrate the following:

- funds will be used exclusively for the purpose they have been requested
- their project is unique and camparable services/ events are not available elsewhere in the locality
- their project will have beneficial results
- their project is inclusive

The Association would like to assist all worthwhile causes, however, this is not always possible. Applications are assessed on their individual merits and available funds are prioritised to achieve the best possible outcomes.

Part A Applicant Details

Individual ☐ Organisation ☐ Community Group ☐
